2018 Training Schedule (Thru April) Continued

May 19th thru 20th S-211- Portable Pumps and Water Use (2012)

Rogue River Fire District 5474 N River Rd.

Gold Hill, OR 97525 Day 1 Classroom 0800-1700 Day 2 Field Proficiencies 0800-1600

Course Description: This course is designed to provide knowledge and skills to design, setup, operate, troubleshoot, and shut down portable water delivery systems. Topics covered include: portable water delivery systems; equipment; roles and responsibilities; and system design and hydraulics. There is also a field exercise where students will apply what they learned in the classroom. Though this class emphasizes portable pump operations we will also be incorporating a unit on hoselay, pump and water usage(Basic Hydraulics) with Type 3 and Type 6 Engine Operations. This is a great course for Engine and Handcrew personnel.

June 2nd RT-130 Operational Refresher
